O3D 1-Year Extension Paper 3-31-2017(snapshot on 4-3).docx

Jan,

Attached is a snapshot of the document that I saved from SharePoint. I figured OGC could work offline to review, and I can incorporate our collective edits back into the SharePoint version. This way, we can settle our OGC position before taking it back to the program. Let me know if you'd rather work on the SharePoint version.

Can you please edit on top of mine and then send to Kristi today? Please feel free to reject my edits and/or delete my comments if it makes sense to.

Should we get others to review the non-ozone bullets at the bottom?

Thanks!

Derek Mills

Attorney

U.S. Environmental Protection Agency

Office of General Counsel

Jan & Derek –

I'll review after you've had a chance to look. We can also decide whether we need to loop in Andrea at that time or do it later as an FYI.

- Kristi

HQ Assignment:

Background paper on delaying designations under 107(d)(1)(B) to serve as basis for discussion with OAR on April 5th/6th. I have started it, but it needs further background work and fact checking, as well as legal analysis. I have shared only with Rhea, Kristi, Denise, Carla, Liz Naess, Bob L, Derek, and Jan T. Let me know if I need to share it more broadly. Please edit "IN WORD" (not "IN WORD ONLINE") and share edits in real time.
